1. Program Overview

A comprehensive AI literacy program designed for C-suite executives and board members. Builds understanding of AI capabilities, business applications, risks, and governance without deep technical knowledge.

2. Learning Objectives

By completion, participants will be able to:

- Explain AI fundamentals and key concepts in business terms
- Assess AI opportunities and develop business cases
- Identify risks and establish appropriate governance
- Evaluate AI vendor and model selection
- Guide organizational AI strategy
- Make informed investment decisions

3. Module Structure

Program Format: 5 modules × 2 hours each = 10 hours total **Delivery:** In-person workshops or virtual sessions **Duration:** 5 weeks (1 session per week) or intensive 1-week program

4. Module Outlines

Module 1: AI Fundamentals & Business Impact (2 hours)

Time	Topic	Learning Outcome
15 min	What is AI? (Not science fiction)	Explain AI vs traditional software
20 min	AI capabilities and limitations	Understand what AI can and cannot do
20 min	Business use cases across industries	Identify relevant opportunities
25 min	AI economics and ROI	Build basic financial models
20 min	Discussion: Your industry	Apply to organizational context

Module 2: Building AI Business Cases (2 hours)

Time	Topic	Learning Outcome
15 min	Use case evaluation framework	Score and prioritize opportunities
25 min	Financial modeling	Build ROI and cost models
20 min	Risk assessment	Identify key risks
20 min	Case study: Successful implementation	Learn from peer experiences
20 min	Workshop: Evaluate your business cases	Apply framework to organization

Module 3: Risk, Governance & Ethics (2 hours)

Time	Topic	Learning Outcome
20 min	AI risks: Model, data, operational, regulatory	Understand risk landscape
20 min	Governance frameworks	Establish appropriate controls
15 min	Ethics and responsible AI	Navigate ethical considerations
15 min	Regulatory landscape	Understand compliance requirements
20 min	Case study: Failed implementations	Learn from mistakes

Module 4: Organizational Implementation (2 hours)

Time	Topic	Learning Outcome
20 min	Building organizational capability	Assess readiness, plan development
15 min	Change management for AI adoption	Manage organizational change
15 min	Talent and vendor management	Hire and manage resources
20 min	Technology architecture decisions	Understand platform options
20 min	Workshop: Design your AI roadmap	Create implementation plan

Module 5: Strategic AI Leadership (2 hours)

Time	Topic	Learning Outcome
20 min	Competitive positioning with AI	Understand AI as differentiator
15 min	Board-level governance	Prepare for board discussions
15 min	Industry-specific trends	Learn sector developments
15 min	Future-proofing your strategy	Plan for long-term relevance
20 min	Capstone: Present your AI strategy	Synthesize learning

5. Assessment Rubrics

Knowledge Assessment

Level	Criteria	Score
Mastery	Explains concepts clearly, applies to organization, considers risks	A (90-100%)
Proficient	Understands concepts, applies with some guidance	B (80-89%)
Developing	Basic understanding, needs significant guidance	C (70-79%)
Beginning	Limited understanding, unable to apply	D (<70%)

6. Delivery Models

In-Person Workshop

• 5 consecutive days or 5 weekly half-days • Interactive, hands-on exercises • Case study discussions • Cohort learning and peer exchange

Virtual Program

• Live sessions with breakout discussions • Recorded modules for asynchronous learning • One-on-one coaching sessions • Self-paced capstone project

7. Success Metrics

- 80%+ attendance and completion rate
- Average post-assessment score >80%
- Participants report increased confidence in AI decision-making
- Organization develops AI strategy within 3 months
- Board-approved AI governance framework established

Next Steps

This guide is designed to be a practical, hands-on resource for implementation. Use the templates and checklists as starting points for your organization's specific needs.

We're here to help.
